"A good teacher can inspire hope, ignite the imagination, and instill a love of learning".
- Brad Henry

My Dear students,

In India 5th September is celebrated as Teacher's Day in honour of Dr. S. Radhakrishnan.

He was born on 5th September 1888 at Tirutani in South India. He graduated with a Master Degree in Arts from Madras University. In April 1909 he was appointed to the Department of Philosophy at the Madras Presidency college. He finished his study of Indian Philosophy and religion and was a Teacher of Philosophy. In 1918 he was appointed as professor of Philosophy in the University of Mysore.

In 1939 - 1948, he was the Vice-Chancellor of Banaras Hindu University. He was the Ambassador of India to USSR during 1949 - 52 and also the Vice President of India from 1952 - 1962. From 1962 to May 1967, he was the President of India.

Teacher's Day is celebrated on 5th September every year in India. Every Teacher should devote his/her life to the society and the nation. All the students should respect the teachers and thank them for their selfless service. The teachers may be compared to sculptor who shapes the life of the students. Teachers are the builders of the nation. They may also be compared to the burning candles which light up the nation. Future citizens are shaped and got the light of education. Most often people do not know the contribution of the teachers. But the student must respect, honour and love the teachers. Every student should realise the value of the teachers and respect them.

Best wishes!

அன்புள்ள

Who are Teachers?
Teachers nourish and prepare students for whole life as they are the real icon of knowledge, wisdom, create awareness and literate people. They are the source of lightning lamp. It is our teachers who stand behind our success. They help us to improve our knowledge, skill level, confidence as well as they shape us to choose the right path and to get success. They do a lot for us but after doing so much no body thanks them for their priceless job. So, as a student it is our duty to thank them at least once a year.

ஆசிரியர் தின கவிதை
உலகம் என்னும் புத்தகத்தில்
சுய அறிவு கொண்டு நாம் நடக்க
எழுத்தை நமக்கு கற்று தந்து
எழுத பழக சொல்லி கொடுத்து
அனுபவம்தான் வாழ்க்கை என்று
அடி மனதில் பதித்து விட்டு
இன்புருத்திடன் நம்மை
மேல் அறிவு பெற அனுப்பி விட்டு
அதே இடத்தில் நின்று
அடுத்த தலைமுறை வரை
ஆயுள் முழுதும் உழைக்கும் ஆசானே
உன்னை வணங்குவதில்
பெருமை கொள்கிறேன்
என் உண்மையான ஆசிரியர்க்கு
என் ஆசிரியர் தின நல்வாழ்த்துகள்

TEACHER
You're the heart of every class room
The soul of every school
The mind behind the message
That learning is cool
You're Patience and understanding
cannot be undersold
Your courage and commitment
Is that of legends told
Each day you teach our children
Is a day to rejoice
Because of you our children
Will have their own voice.
So Thank you Dear Teacher
For passing knowledge
Through the year
You thought you were merely teaching
When you were eliminating fears.
"Thank You"
A very happy "Teacher's Day"

Dr. Radhakrishnan who was a great teacher and who later became the president of Bharat. His birthday was celebrated as Teacher's Day on 5th September. A teacher plays an important part in a student's life and so it is the day when we respect our teachers who help us to grow as agood citizens. The teachers don't take classes this day. They are relaxed. Students arranged a cultural programme for teacher's day.
